

Soil type <i>QUONSET^g FSL</i>		Date <i>4-20-65</i>	Stop No.
Classification <i>62 BC-2</i>		Area <i>CRANSTON</i>	
Location <i>R.I. Inst. FARM</i>			Elev.
N. veg. (or crop)		Climate	
Parent material			
Physiography <i>TERRACE</i>			
Relief <i>Undulating</i>	Drainage	Salt or alkali	
Elevation	Gr. water	Stoniness	
Slope <i>BC</i>	Moisture		
Aspect	Root distrib.		
Erosion			
Permeability			
Additional notes <i>Area predominantly Quonset SL + Waawick SL ↓ some FSL</i>
